Online Certificate in Humane Management and Administration

**Granted by Regis University
Regis University Master of Nonprofit Management**

Certificate in Humane Management and Administration Courses

History/Theory/Future of Nonprofits

Examines origins and societal roles of nonprofit organizations in a global environment including social, political, economic, cultural, and ideological issues.

Seminar in Nonprofit Management: Humane Management Project

This final course for the certificate requires students to research and write a comprehensive paper on a topic relevant to humane management and administration.

Electives—Choose four of the following:

Leading from Within

Explores the role of spirituality in leadership. Investigates various approaches to knowing oneself and drawing from the inner soul to strengthen the objectives and performance of one's organization and community.

Advocacy & the Third Sector

Examines the rights and responsibilities of nonprofit organizations in the governmental process.

Marketing & Public Relations for Nonprofits

Develops, applies, and analyzes basic marketing principles as applied to all aspects of program development, organizational development, and nonprofit management.

Human Resources & Volunteer Management

Emphasizes the role of volunteerism in society and how volunteers are recruited, organized, and managed in various types of nonprofits.

Financial Management of Nonprofits

Focused on using financial information management for budgeting, finance, and investment decision-making in nonprofit organizations.

Program Management & Evaluation

Introduces effective program management and evaluation tools used to create ongoing program management systems in organizations.

Governance & Organizational Change

Examines and analyzes the critical dimensions of governance in nonprofit organizations with special emphasis on governance by boards of directors. Considers composition, functions, structure, roles, and responsibilities of members.

Financial Resource Development

Examines the principles, strategies, and techniques of resource development. Topics include an overview of resource development from foundations, corporations, government agencies, and individuals, proposal writing and presentation, direct mail, conducting special events, and individual major gift programs.

Admission Requirements:

- Bachelor's degree from a regionally accredited college or university in any field of study, as shown in an official transcript
- A completed application and \$75 nonrefundable application fee
- Two years (cumulative) of paid or volunteer experience
