AMERICAN HUMANE SOCIETY

2025 Impact at a Glance

Your generosity made 2025 a remarkable year for animals around the world. Together, we rescued, cared for and protected more than 1.4 billion animals and expanded life-changing programs to help them thrive. This holiday season we're celebrating the boundless power of kindness and we invite you to join us as we continue to unleash hope, compassion and lasting change for animals everywhere.

Compassion on the Front Lines

Thanks to your generous philanthropic support, we:

Airlifted 340 animals to safety, distributed 63,300 pet meals to animals in need and reunited 1,060 animals with their owners during the Los Angeles wildfires.

Donated critical funds through Second Chance® Grants to help animals recover from neglect and cruelty and begin new, happier lives.

Provided free wellness clinics in vulnerable areas of Tennessee and Florida to care for more than **150 pets** in disaster-prone communities.

Continued the development of our Kazma Family Ark of Hope Sanctuary in Florida, which will serve as home base for our expanded Rescue and Pups4Patriots™ programs and more.

American Humane Rebrand

In January, American Humane officially became American Humane Society, reflecting our long-standing commitment to compassion, credibility and leadership in animal welfare. This rebrand united our mission under **Rescue. Care. Protect.**, strengthening the foundation you helped build and setting the stage for bold growth impacting billions of animals around the world.
